

Thomas, Create a Safe and Clean Environment, Indoor and Out.

Eco-Friendly Medical Waste Disposal

Do your medical waste disposal methods meet regulatory standards? You are liable for proper treatment and disposal. Medical Waste Solutions, Inc. follows the stringent standards of regulatory agencies for the transportation and disposal of potentially infectious medical waste. Through our educational programs, your health care professionals learn to reduce the risk of staff and patient exposure while assuring compliance with the facility's policy.

Flexible and Affordable Services

Medical Waste Solutions, Inc. provides flexible pick up scheduling options that range from daily service to the on-site placement of various sized storage trailers. Detailed documentation is included to fulfill the tracking responsibilities and internal record keeping of your organization. We also offer Documentation Shredding Services for a convenient solution to securely destroy confidential records. For more information on our services, please visit us at www.medicalwastesolutions.com.

Medical Waste Solutions, Inc. is the largest independent medical waste company in the area. We are dedicated to providing affordable and safe medical disposal guaranteeing you healthy indoor and outdoor environments.
